THE SWORD INTERVAL

CONCEPT ART / CREATURE DESIGN

Hey everyone.

I absolutely hate to post filler. I seriously, seriously do. Especially so soon after the collaborative arc wrapped up. I really wanted to keep momentum going from the title drop, too.

However, I'm very sick.

I was at Emerald City Comic Con last week. I had a great time and even got to meet a few of you in person. But something ripped through artist and attendees alike and has several people bedridden, myself included. Hell, it may have gotten to some of you who were at the con, in which case I wish you a speedy recovery.

I tried my best to get the update done, but as I write this it's a few hours until my deadline and it's just not looking possible.

So please forgive some filler. This week, it's monster designs – one of my favorite things to create.

See you next week. Thank you.
